Subject: Letter of support

Hi Redacted

Apologies for not sending to your own email address (have left your contact details in my desk at work!) Good to meet you last week and hear about the progress the group have had with the purchasing the woods.

Jean's Bothy would be happy to support the efforts by the Helensburgh Community Woodland Group to purchase both pieces of land. Jean's Bothy is a mental health and wellbeing hub in Helensburgh with over 100 members. It recognises the benefits of the outdoors on our mental health and we encourage our members to spend time outdoors. It's important that there are very local areas of space that they can spend time in, reducing barriers of access such as travel. We would like to look at some partnership opportunities in the future to allow our members to make the most of the spaces to the West of Helensburgh such as the spaces this group are currently aiming to purchase.

We wish the group every success in it's future.

Many thanks
